Dear Madam/Sir,

„Vila Marija Resort Belgrade“ has proven itself as one of preferred destinations for business people visiting Serbia and Belgrade in particular.

This observation can be supported via analysis of our 5 year work, where business people from foreign countries make 90% from total number of our guests in Vila Marija.

Friendly reception, home atmosphere, comfortable rooms that are cleaned daily, breakfast with a good choice, 24hour info desk, free hi speed Wi-Fi Internet, possibility of full laundry service, ability to organize transfer from and to airport or any other desired destination within city limits, are surely just some of the reasons why people like to be accommodated in Vila Marija. Therefore, we decided to benefit our clients via offering unique „corporate discount“.

There are two types of „corporate discount“ we can offer:

1. **For long term room rental**, for 1 month stay (4 full weeks exactly) and above we approve **discount up to 50%!**  
For shorter rental period price is reduced according to the duration of stay but for no less than 7 days.
2. **Flat rate discount for guaranteed number of stays.** Client guarantees certain number of nights during a year (but no less than 100). Price in that case is fixed regardless of period during a year or number of stays guest makes in a roll.

All benefits are contracted separately, where payment can be via swift for foreign currency (EUR, USD or GBP), in RSD via local bank transfer, credit card or corporate credit card (all types of Visa and MasterCard) and, of course, in cash.

Thank you for your attention and putting trust in us.

Kind regards,

Igor Torovic
